

ABHAY DUBEY

Android Developer

India | abhaydubey@1177gmail.com | +91 9702065884 | www.linkedin.com/in/abhay-dubey-67753a312

PROFESSIONAL SUMMARY

Results-oriented and innovative Android developer with hands-on experience in mobile application development, AI integration projects. Skilled in Java, C ,C++ , HTML, CSS etc. with proven ability to design, develop, and deploy user-friendly applications. Passionate about building intelligent and efficient solutions that bridge software innovation.

PROJECT EXPERIENCE

Stopwatch & VideoView App (Java, XML)

- Developed a stopwatch app with integrated VideoView synchronized with timer start/stop.
- Implemented event handling and clean UI using Android lifecycle methods.

Quiz Application

- Built a multiple-choice quiz app using XML for frontend and Java for backend logic.
- Included timer, scoring, and interactive interface.

Tic-Tac-Toe

- Created a two-player Tic-Tac-Toe game with reset and real-time play.

AI Car Price Prediction

- Used Lovable.dev, ChatGPT, and PerplexityAI for model design and data analysis.
- Built an AI-based predictive system for car price estimation.

Surface Cleaning Boat

- Developed a robotic surface-cleaning boat using ESP32, DRV8833, and lithium-ion cells.
- Designed for automated waste collection and efficient water cleaning.

EDUCATION

Bachelor of Engineering in Information Technology

Thakur College of Engineering and Technology, Mumbai — *Currently Pursuing*

Diploma in Information Technology

Shivajirao Jhondhale Polytechnic, Ambernath — *Percentage: 89.13%*

INTERNSHIP

V2V EDTECH LLP — Mobile Application Development Intern

- Worked on developing and testing Android applications using Java and XML.
- Gained practical experience in UI design, debugging, and lifecycle management in Android Studio.

SKILLS

- Android Development (Java, XML, Android Studio)
- AI & Machine Learning Fundamentals
- Data Analysis and Problem Solving
- Quickly adaptable to emerging technologies and modern development tools
- Technical Documentation

LANGUAGES

- Java
- HTML
- CSS
- C
- C++
- PHP
